Twenty-five thousand French Catholics, aggrieved at the course taken toward the clericals by the French government, have notified the Canadian government that they will settle in Western Canada as fast as they can get footloose in France.

## ECHO MOVEMENTS

### DAUGHTER BORN TO MR. AND MRS. JARMAN.

Affairs of the Meadows Stock Dipping Association Are Closed Up—6000 Head More Sheep to Dip at the Thompson Vats—Young Son of Thomas Brassfield Is Now Out of Danger—Robert Stanfield Installing a New Hay Cutting Machine on His Foster Ranch.

Echo, Nov. 25.—There was born to Mr. and Mrs. Percy Jarman on Butter creek, Tuesday morning, November 22, a daughter.

Asa Thompson, who is managing the stock dipping vats on Butter creek, reports that they will soon be through dipping for this fall. They have yet about 6000 head of the Matthews sheep to run through, when they will be through.

Fred Andrews made a short business trip to Pendleton on Tuesday, settling the affairs of the Meadows Stock Dipping Association, of which organization he is manager.

Orell McCullough returned home from Washington, in time to enjoy Thanksgiving dinner with his father, brothers and sisters.

Mrs. L. McBee and daughter, Hazel, are visiting with her mother, Mrs. C. E. Rogers on Butter creek. Mr. McBee is at Coel looking after his ranch. Ed Rogers and family are also visiting Mrs. Rogers.

The 2-year-old son of Thomas Brassfield, in the last day or two, shows some signs for the better. For a while it was thought hardly possible to save him.

An amusing and at the same time true story of a child's clever saying has just come to the writer's notice, and is worth repeating. Recently, in canvassing for a name for a baby girl, in the family of Elmer Spike, the parents were at a loss for a suitable name. Many names were suggested and rejected by one or the other, until one day Frances, the 4-year-old daughter said: "Mamma, name the baby 'Central'." The parents told her there was no such name as "Central," when Frances answered: "Yes there is, mamma; or why do they always say, 'Hello, Central'?"

Adam Brehm, a young son of William Brehm, is now practically out of danger, and if there is no relapse he will probably get well.

Robert Stanfield is just installing on the Foster ranch, a hay chopping machine, that is said to have a capacity of 100 tons of alfalfa hay per day. The cutting blades resemble those of a lawn mower, and are inclined toward the center, so that the hay, instead of being thrown out to the edge of the blades, is constantly worked toward the center.

William Barker has sold the livery and feed business that he has been conducting at Echo, to Eli Spike. Mr. Spike will continue the business at the same stand.

### "RIP VAN WINKLE."

Famous Old Story to Be Presented by Thomas Jefferson.

Thomas Jefferson, the son of Joseph Jefferson, will come to the Frazer in "Rip Van Winkle," on Wednesday, November 26. Joseph Jefferson has retired from the stage and his worthy successor, Thomas Jefferson, will fill the vacancy made by his father's retirement, for "Rip Van Winkle" without a Jefferson would be strange indeed.

Thomas Jefferson is not an imitator of his father, but an improvement as we have seen Joseph Jefferson of late. Thomas Jefferson has youth with the talent of his size, therefore we will see a performance of Rip as we would if Joseph Jefferson had been 50 years young.

The fashionable event of the season will be the appearance of Thomas Jefferson in his famous rendition of "Rip Van Winkle." Washington Irving's romance, founded on the old legend of the Catskill mountains, supported by a first-class company, among whom are such names as Miss Frances Meek, Frederick Malcolm, James Dolan, Miss Lorette Jefferson (granddaughter of the famous Joseph Jefferson and daughter of the star).

The beauty of Mr. Jefferson's performance is his attention to detail and scenery. The Catskill mountains are faithfully portrayed and painted from sketches taken on the spot where the story of the old legend describes, and is praised for its artistic work.

### "SHORE ACRES" DECEMBER 1.

Beautiful New England Story to Be Presented at the Frazer.

"The sweetest and truest play ever written of New England farm life is 'Shore Acres,' which is announced for production at the Frazer on Thursday, December 1. Although Mr. Herne wrote many plays and all of them treated of American home life, yet none of them has been so universally admired as 'Shore Acres,' which now has a record of over 10 years' continued success. The play has some exquisite touches of human nature and its manifold beauties can not fail to enlist the sympathies of any audience.

The story of love, hope, patience, faith, ambition and greed that makes up the circumstances of almost everyone's life is told in a masterly manner by the simple folk. Mr. Herne introduces in this charming pastoral comedy and its pathetic and comic scenes move to tears and laughter, while its more stirring episodes carry the onlooker forward with unabating interest to the very end of the last act.

Attend the big sale at Teutsch's. It will do you good.

### NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowing-out of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
